Utilities Division

- Water usage was 37.401 million gallons this reporting period, October 17 – October 23, 2022, down from 39.669 million gallons the previous week. The daily peak water demand of 5.528 million gallons occurred on Monday, October 17. There were 0.0 inches of precipitation during this reporting period.
- Twenty-two hydrants were flushed, eleven valves were exercised, and an estimated 370,659 gallons of water were lost, including one main break.
- Three service lines were installed.
- Crews responded to two sewer calls.
- Crews installed one water meter, cleaned 7,890 feet of sewer, and 234 feet of the sewer line was televised.
- The Solid Waste Division received one scheduling question and six complaints about brush. Republic utilized a third-party to assist with brush and bulk collection delays. Five recycle bins were distributed.

CIP Construction

- **E. Danieldale Rd. Reconstruction and Utility Improvements Project (Main St. to US-67)** – M-CO, Pavecon’s subcontractor, installed the 16-inch water main up to Bob Lee Blvd. and the wastewater laterals for 7-Eleven and Wells Fargo.

Below is the tentative Danieldale Road Reconstruction and Utility Improvements schedule for the project milestones:

Phase	Milestone	Projected Completion	Actual Completion
1	Storm & Sewer Under Eastbound Lanes (EBL)	July 2021	July 2021
2	All Utilities Under Westbound Lanes (WBL)	Nov 2021	Mar 2022
	WBL Paving	June 2022	June 2022
3	Duncanville Water Line Under EBL	Oct 2022	To Be Determined
	DWU Water Main	Nov 2022	To Be Determined
	EBL Paving	Nov/Dec 2022	To Be Determined
	Substantial Completion	Jan/Feb 2023	To Be Determined
	Plantings	To Be Determined	To Be Determined

- **FY22 Pipebursting** – Vortex is installing sanitary sewer mains by pipe bursting in the Forest Hills subdivision.

- **The Highway 67 Green Ribbon Construction Project** – Green Ribbon Project construction commenced on October 11, 2021, with estimated completion now scheduled to occur in December 2022. The landscape monument at Cockrell Hill Rd. and Interstate Highway 20 is being constructed.

- **Fire Station #1** – Council approved the Guaranteed Maximum Price agreement in June 2022. The Construction Kickoff meeting was held on August 10, 2022 and monthly progress meetings began on September 7, 2022. Construction has commenced, and a ribbon cutting that was scheduled for October 25 is being rescheduled. The anticipated completion date is Fall 2023.

Other Construction

- **ONCOR Transmission Line Work at W. Camp Wisdom Rd. and N. Cedar Ridge** – Much of the work to replace transmission lines along Camp Wisdom Rd. has been completed by Oncor's contractor. The contractor removed the tower foundations and is working on sidewalk repairs.
- **ONCOR Line Work in the vicinity of the Downtown District** – ONCOR is upgrading the electrical line along Daniel St., Main St., Center St., Freeman St., and Wheatland Rd. The upgrades will improve the electrical system's capacity in that area. Work has commenced.
- **TXDOT I-20 Construction Cockrell Hill Rd to Hampton Rd** – TXDOT plans to construct new service roads and ramps from Cockrell Hill Rd. in Duncanville to Hampton Rd. in Dallas to include new bridges across US-67. Following City Council Resolution in August, TXDOT will construct the US-67 Cockrell Hill Rd. Texas U-Turn on the southwest side of the bridge. The project was awarded at the beginning of December 2021. The Pre-construction Meeting with TXDOT and the contractor was held on February 1, 2022. Austin Bridge & Road, the contractor, started construction in April 2022, with an estimated completion date of January 2025. A meeting with the Mayor, staff, and TXDOT took place on Monday, August 22, to discuss construction improvements that could impair visibility at the City-owned property located at 730 E. Interstate Highway 20. TXDOT provided plans and additional renderings to the City.

NOTE: Highlighted areas are not drawn to exact scale.

Boo Bash 2022 at Duncanville Fieldhouse - Friday, October 28th | 6:30 pm

Something spooky is brewing at the Duncanville Fieldhouse! Join the Duncanville Parks and Recreation Department along with the Duncanville Public Library on Friday, October 28, from 6:30 p.m. to 8:30 p.m. for our annual Boo Bash event. Put on your favorite costume and join us for games, candy, bounce houses, and much more!

Christmas Parade and Tree Lighting - Friday, December 2nd | 7:00 pm

The annual Christmas Parade and Tree Lighting is scheduled for Friday, December 2 at 7:00 PM. The parade date has returned to its traditional first Friday of December to avoid potential conflicts with the Duncanville football playoffs that are typically held on Saturdays. In addition, the route has been altered and will now end in Armstrong Park where there is ample room to expand the event with minimal impact on traffic and street closures. The amphitheater will provide a backdrop for our choir groups and the Christmas Tree and associated decorations will be moved from Memorial Park to Armstrong Park to allow greater public access and interaction during the month of December. We hope to grow this event in the future as well as expand the holiday decorations throughout the park to create a holiday wonderland in Duncanville.

Facebook is the most popular social media network for men and women aged 35-44

This demographic is most likely to have been early adopters of Facebook in a post-Myspace world and continued to use and favor the platform as they grew up.

Facebook is least popular with women aged 16-24, with only 7.3% of women surveyed listing the social media platform as their favorite. (Source: Hootsuite)

Most Twitter users are between the ages of 25 and 34.

Worldwide, 38.5% of Twitter users are 25-34, making it the largest age group using the app. So, if you're trying to increase brand awareness in this age group, Twitter is a great fit.

The smallest age group is 13-17 (6.6%). (Source: Hootsuite)

TikTok has now surpassed Instagram for popularity among Gen Z users (born between 1997 and 2012) in the United States, with 37.3 million to Instagram's 33.3 million. (Source: Hootsuite)

54% of YouTube users are male

For YouTube users over 18 years old, 46.1% identify as female and 53.9% identify as male.

This is a bit of a shift from just a couple of years ago (in 2020, 56% of YouTube users were male-identifying and 44% were female-identifying) so this could be a clue that we may be seeing more and more women are creating and consuming content on the platform in the years to come.
